Note From Jerry In The Studio...

In this lesson, the numbers indicate the order the notes are being played. For the #2 and #3 notes, try letting your number ONE finger cover both notes (barre).

This makes it super easy to get the notes when you do the lick.

This is a cool lick. Make a mental note of what’s being played an find another place to do the same lick using “Gimme” notes.

Variations to consider...

1) Play the lick at the fifth fret as shown, then “Sass-Back” by immediately going up to the “Triple Factor” and fretting the same lick but do it in reverse!

2) Play the lick in the order shown then play it in 4,3,2 1...
