In this lesson (The Spread - B), you'll see your fingers glide up the neck and create some great sounds.

**Question for you...** Do you see our old friend "GOING COUNTRY - NOT" hiding in this pattern?

It's all starting to come together now!

Always keep in mind the other patterns that are right under our fingers as we move on the neck.

This is gold for us. Dig it up and enjoy it!

Gray dots are for a quick reference to Part 1 of "The Majors". Make this sink in!

Red numbers are our "Gimme's".
